It is reported that the Hon. Wilfred Laurier will visit Manitoba about the middle of August and will hold a series of meetings throughout the Province. It is his wish to visit the leading towns throughout the country.

Two persons danced themselves to death as a picnic in Chicago the other day. Maggie Connor, 16 years old, dropped dead on the dancing platform, one of the girls, and Jan. Apple, 19 years old, met a similar fate at Grove Park.

A little item in a newspaper may sometimes make a man an enemy. It has been so in the case of a man from Carberry. It is reported that he was a subscriber to a borrower. Every publisher can recall the names of citizens who come under this head. -Carberry Express.

Mrs. Prest writes from Virden whither she went with Cecil a week ago, that since she appeared on her wheel there, many of the ladies of the town have taken a decided interest in bicycling, and a number of ladies' wheels will be brought to the western town. There is no reason whatever why bicycling should not become as popular among ladies in Manitoba as it has become in the east with the fair sex. -Portage Liberal.

R. T. Rotby, the ex-president of the Council last year, and who is said to have done up the concern for a great many thousands, skipped when a warrant was issued the other day. The Tribune says that Capt. A. W. Law with a fellow feeling that made him wonder how he could be so stupid, he had been told that he was coming and he acted on it to his personal advantage. It is understood the charge is that Rotby, when acting as manager of the bank in 1891 made false returns to the receiver general of the Dominion. The difference between the actual state of affairs and Mr. Rotby's returns is reported to be over \$50,000.

Financial stringency is always attended with difficulty in making collections. There are persons who so directly feel the pressure of hard times that they are unable to meet their just claims against them as presented, but there are many more who simply do not want to part with their money when there is a restricted circulation, and retain it with the general excuse that times are close. This fault lies chiefly with men of means, who always have ready money at their command but put off their creditors from week to week, or month to month, thus withholding it from the channels in which it would so far forward restoring general confidence and prosperity. -Farmers' Sun.

I'd like to be a boy again, without a woe or care, with freckles scattered on my face and hayseed in my hair. I'd like to rise at four o'clock and do a hundred chores and saw the wood, and feed the hogs, and lock the stable doors, and herd the hens, and watch the bees, and take the milk, and drink, and teach the turkeys how to swim, so that they wouldn't sink; and milk about a hundred cows and bring the wood to burn, and stand out in the sun all day and churn and churn and churn; and wear my brother's cast-off clothes and walk for miles to school, and get a licking every day for breaking some good rule; and then get home again at night and do the chores once more, and milk the cows and feed the hogs, and carry mules galore; and then crawl wearily upstairs to seek my little bed, and hear dad say, "that worthless boy! he isn't worth his bread!" I'd like to be a boy again, a boy has so much fun. His life is just a round of mirth from rise to set of sun. I guess there's nothing pleasanter than closing stable doors, and herding hens and chasing bees, and doing evening chores. -Washington News.

A POSTMASTER IN TROUBLE.

GRANT, ONT., July 31. Probably there is no man more widely known in the County of Dundas and vicinity than M. J. C. Munro, of this place. He has carried on business as a general store-keeper for twenty years, and has also, for many years been the local postmaster. He has been a prominent church member, and a leading man in social circles. He has always been looked up to with respect and esteem, and his word, to use a phrase current among those who know him, is a good as his bond. It was a matter of general regret when it became known that he was suffering from dropsy, which has afflicted him ever since. The pleasure of Mr. Munro's many friends may more easily be imagined than described, when it was learned he had begun taking Dodd's kidney pills, and had found in them a cure by means of which he is rapidly regaining sound health.

WHAT MRS. GRINDY WANTS TO KNOW.

DEAR SIR:

If you or any of your Elkhorn correspondents will oblige me with answers to the following questions I shall be extremely grateful:

Why the leader of the Presbyterian choir does not sit amongst the singers?

Why they sing so fast those hot days?

Who the Elkhorn correspondent is?

Why does he think so much of lemon pie?

If he will come and have lemon pie at Mrs. Grundy's?

If the man of the eyeglasses and toothpick persuasion has lost his best girl?

Why so many of the Elkhorn bachelors

order going with themselves for their Sunday evening's walk?

If it is proper for bachelors to sport married women?

Respectfully Yours,
Mrs. Grundy.

BEULAH DITS.

The Sunday School picnic came off on Wednesday last and a very enjoyable time was spent by all. The 500 ball match between Beulah-Blair resulted in favor of the former by 4 goals to 1, after which both teams were treated to a most substantial repast kindly provided by their lady friends.

The storm of Thursday last hardly reached our district, but away north we hear of untold damage to crops, buildings and other farm property. Mr. Marshall, north of Beulah, had the roof blown off his house, luckily injuring no one. Mr. McLean had his house blown right over into the Arrow river.

Some of the crops in this vicinity are beginning to assume a rotten hue and cutting grain will commence round here about the 15th it is generally expected.

Miss Watkins of Elkhorn has been visiting with friends at Beulah the last few days.

We are all still straining our ears to catch the first whistle of the North West Central engine on its way to our great west emporium of Beulah, but hope deferred maketh the heart sick, and it is a pretty sick crowd we find around Beulah at the way our interests are let go to the dogs to fill the pockets of a few speculators.

DECLARE.

Mr. T. H. Martin has removed to McGregor where he contemplates living in the future. We regret to part with Mr. Martin and family. They were kept busy previous to their departure receiving friends and acquaintances, who gathered to wish them health and prosperity in their new home.

MONTGOMERY DISTRICT.

On Wednesday night of last week, we had one of the most severe thunderstorms that has ever visited this district. The most damage reported done was the unroofing of Mr. G. Carefoot's stable. The roof was built of heavy flooring lumber and was literally picked up and carried about thirty-five yards before it broke and scattered.

We are glad to hear that Mr. Carasaden's children are getting better after their long illness, and we hope soon to see them around again as before. Also that Thomas Winters, who was run over with a wagon partly loaded with stone is recovering.

Crops in this district are looking well. Owing to the dry season the straw is generally shorter, but the yield promises to be up to, if not ahead of, the average.

On Saturday last a picnic for the Montgomery and Jollin districts was held at the farm of Mr. Wm. Bray. The day was fine, though a little windy, and with baseball, football, croquet, etc., and races for the children, a pleasant afternoon was spent.
